

Speak Softly and Carry a Big Brush ***with Lon Brauer***

Presented by the Gateway East Artist Guild

I'm often asked about how I keep my paintings fresh and loose. It's not a big secret but it does require going out on a limb to find new ways to make marks. And marks are what it's all about. This workshop will be a one-day exploration into what I do and how I do it. We'll be using large brushes that will negate any sort of precious detail work. We'll work bold and quickly to see painting in a new way.

Oil, acrylic, and watercolor can all benefit from this approach. This is primarily geared toward plein air. All experience levels welcomed.

*** There is a strict policy prohibiting outside food. Pre-packaged food is permitted only until the Weingarten opens at 11:00. The weingarten has a lovely menu to order from for your lunch break. Water bottles are permitted.**
