

Spencer Meagher Acrylic Workshop Presented by Gateway East Artists Guild

Deep within Spencer's spirit lies a need to express himself that can only be realized through art. He avoids details and lets the color and value tell the story. In this workshop you will spend a couple of fun days exploring the unique attributes of acrylic with vibrant colors, rich texture and expressive brushwork. This class is appropriate for all skill levels, and will discuss composition, design and the roll they play in a successful painting. Web page – spencermeagher.com

Day 1 of this workshop students will work from provided reference material. Spencer will demonstrate his approach to designing, developing and following through to the finished painting.

Day 2 begins with recap of Day 1. Spencer may do a brief demo to solidify students understanding. They will put final touches on Day 1's paintings. Then students will create their own painting working from their own landscape image photos.

Date – November 20th & 21st, 2021 **Time** – 9:30 to 4:30 1 hour for lunch

Location – Carrington Place Clubhouse 39011 Essex Blvd. Swansea, IL 62226
